New Smyrna Beach, FL 32168**

## **Application for Certified Butterfly Garden**

Thank you for your interest in our Butterfly Gardening Program. A Garden Club Member will contact you to schedule a date and time to certify your garden. A donation of \$25 to the New Smyrna Beach Garden Club will be collected when your garden is certified. In addition, you will receive a certificate and sign identifying your garden as a Certified Butterfly Garden. There is more information about plant requirements on this application.

## Plant Requirements

Garden must have a minimum of 20 plants, in the following 2 Categories:

A. **Host Plants** provide food for butterfly caterpillars. Your garden needs a cluster of 5 Milkweed plants including native varieties plus host plants for 2 other butterfly species. Examples include Passion Vine, Cassia, Fennel, Citrus, Coontie, Oak Tree etc. Please list.

1. Milkweed (minimum of 5 plants) \_\_\_\_\_

2. Other host plants \_\_\_\_\_

---

B. **Nectar Plants** have flowers that provide nectar as food for adult butterflies. Your garden should have at least 5 different kinds of flowering plants. Examples include Penta, Salvia, Porterweed, Plumbago, Buddleia, Lantana, Bottlebrush, Firebush, Zinnia, Black Eyed Susan, Jatropha, Chaya.

Please list your nectar plants.

1. \_\_\_\_\_

2. \_\_\_\_\_

3. \_\_\_\_\_

4. \_\_\_\_\_

5. \_\_\_\_\_

The above plants are recommendations for Zone 9B/10A. There may be other plants in your garden that qualify as host or nectar plants. If possible, select Florida native plants. Please send this application to Mary Heasley or Hope Jenkins.
