New Smyrna Beach, FL 32168**

**Application for Certified Butterfly Sanctuary Garden**

Thank you for your interest in our Butterfly Gardening Program. A Garden Club Member will contact you to schedule a date and time to certify your garden. A donation of \$25 to the New Smyrna Beach Garden Club will be collected when your garden is certified. In addition, you will receive a certificate and sign identifying your garden as a Certified Butterfly Sanctuary Garden. There is more information about plant requirements on this application.

## Plant Requirements

Garden must have a minimum of 20 plants, in the following 2 Categories:

A. **Host Plants** provide food for butterfly caterpillars. Your garden needs a cluster of 5 Milkweed: native varieties preferred plus host plants for 2 other butterfly species.

Examples include Passion Vine, Cassia, Fennel, Citrus, Coontie, Oak Tree etc. Please list.

1. Milkweed (minimum of 5 plants) \_\_\_\_\_

2. Other host plants \_\_\_\_\_

B. **Nectar Plants** have flowers that provide nectar as food for adult butterflies. Your garden should have at least 5 different kinds of flowering plants. Examples include Penta, Salvia, Native Porterweed, Lantana, Firebush, Zinnia, Black Eyed Susan, Jatropha, Chaya, American Beauty Berry, Coral Honeysuckle.

Please list your nectar plants.
